

Week 5 Visualization Activity

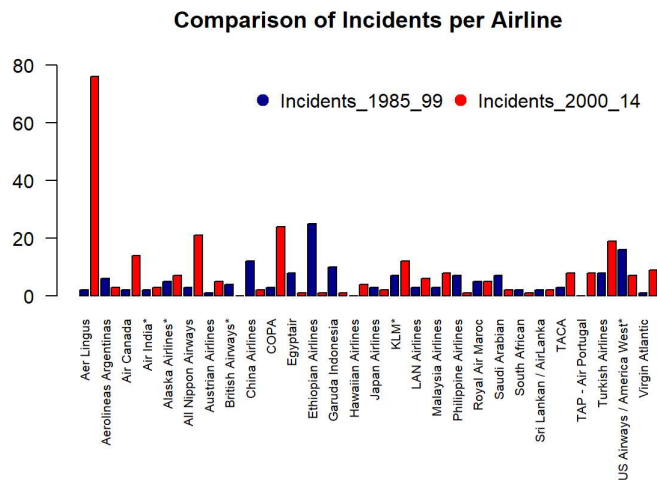

Yatin Pawar

11/19/2021

Understanding data in detail:

Barplot:

Let's see what data tells us about Incidents reported for each airline for the period of 1984-99 and 2000-14 with help of below bar plot:

Scatterplot:

And now we will see how the fatalities looks like for the period of 1985-99 and 2000-14 using scatter plot. Data points in top right and bottom right are the airlines still vulnerable:
